

JABRA EVOLVE3

BUILT FOR **MODERN WORK**.
MADE FOR **UNSTOPPABLE UPGRADES**.

Evolve3 is a complete reset of what professional headsets can be. Enhanced Jabra ClearVoice™ on every model delivers the clearest voice pickup yet, and hybrid work models go further with AI trained on 60 million conversations to isolate speech from background noise. Add smarter noise control, sleeker, lighter designs and AI-ready performance, plus clear office and hybrid work options, and you have an unstoppable way to replace aging deployments and expand accounts faster.

REASONS FOR YOUR CUSTOMERS TO BELIEVE — THE 4 A'S

Audio

Professional-grade voice clarity, even in the noisiest office and hybrid work settings.

Appeal

Lighter, sleeker, more portable designs employees will want to wear.

AI

Built for seamless integration with voice-led AI.

Assurance

Enterprise-grade security, simple management and long-lasting design.

Evolve3 unlocks more upgrade opportunities and faster ways to grow

UNSTOPPABLE UPGRADE MOMENTUM

Clear office and hybrid work upgrade paths

- + Clear options for office and hybrid work reduce complexity when quoting and expanding accounts
- + Stronger call clarity across both office and hybrid work makes a strong upgrade case

UNSTOPPABLE AI-READY GROWTH

Turn AI demand into bigger deals and future-proof upgrades.

- + You help customers get better results from voice-driven AI tools such as Wispr Flow with a voice pickup accuracy of over 99% in open office environments and over 95% outdoors.*

UNSTOPPABLE ADOPTION

Make upgrades stick with designs employees actually adopt.

- + Jabra Air Comfort technology and lightweight design make headsets easy to wear all day
- + Sleeker, slimmer, more consumer-like style appeals to those who typically reject professional designs

UNSTOPPABLE IT CONFIDENCE

Win IT trust with lower friction, longer life, and predictable deployment.

- + Replaceable batteries (EU-ready) for extended device life
- + Jabra Plus for simple remote device management
- + LE Audio, Microsoft Swift Pair, Google Fast Pair and Apple Find My/Google Hub support
- + UC-certified performance for predictable deployment
- + More reliable wireless security provided by Bluetooth low energy
- + Built-in enterprise grade security
